

A Child's Education

Globe-Wernicke Sectional Bookcases can be bought a section at a time at very small cost.

An education is almost indispensable now-a-days. The trained mind has an advantage over the untrained one, and the training should begin in youth.

Globe-Wernicke SECTIONAL BOOKCASES (BUILT-TO-ENDURE)

encourage the habits of reading and thinking, to which so many of the world's greatest men owe their success.

Start the children in the right direction by giving them a small bookcase for their own books, and develop their interest. The experiment will pay.

AMUSEMENT NOTES

"Bringing Up Father" Has the "Punch" and the Originality.

A play to be universally successful nowadays must possess more than ordinary attributes. In the first place it has to have what is termed "the punch." Then again, it must come under the caption of a production and cast, but not least, it must be original. An offering easily in this class, and praised by expert critics as being a notch or two above its immediate contemporaries, is "Bringing Up Father," announced as the next attraction at the Barre opera house, Saturday, Feb. 19, with the usual matinee.

Though a comedy, written and composed for popular consumption, it harbors a real plot and humor that is neither forced nor labored. On the other hand the fun is spontaneous and infectious, the result of witty dialogue, bright lines, excellent character drawing and withal adroit construction. Based on the famous cartoons of George McManus and bearing the same title, it does not alone make its appeal on the strength of popularity of the comic. Those who have seen the piece claim for it distinctive qualities not to be found in any other similar entertainment. Besides unique bits, surprises and features, the musical embellishment is pretentious and worthy of any Broadway contribution. Manager Gus Hill, who has the reputation of never doing things by halves and who was the first purveyor of transforming cartoons to the stage, has an unusually strong company engaged. In its entirety the show has plenty of original ingredients to recommend it and unless we miss our guess the management bids fair to be immensely successful and profitable.—adv.

Don't fail to hear Dr. Swadener and the Hon. Malcolm R. Patterson in the Barre opera house next Sunday afternoon at 3 o'clock.—adv.

C. Bellows Falls is making a loud bid for the state title and thus far its quintet has vanquished pretty much everything in sight, one of its more recent triumphs being a victory over St. Peter's A. C. of Rutland. Much dependence is placed on the strength of Bureh, formerly of the East Boston A. A., and Kemple, an erstwhile Keene player, who signed with Bellows Falls early in the season. The sale of tickets to the game is to be limited and advance checks will be sold at one of the local stores.

Before Magistrate H. W. Scott in city court Monday afternoon Fred Lahaie pleaded guilty to a larceny charge and the case against him was continued until Feb. 28. Lahaie was arrested by Officer David Henderson on a complaint made to Grand Juror William Wisbart. It is alleged by the authorities that Lahaie entered a coal shed connected with Burke Bros.' granite plant off Blackwell street Saturday night and was on the point of leaving the premises with four bags of coal when his presence was detected by Night Watchman Robert Troup. The latter, it is stated, prevented Lahaie from leaving the shed and persuaded him to remain at the plant until the watchman could get in touch with police headquarters.

Moderately cold weather prevailed to-day, but the depths to which the mercury sank Monday morning were not reached at any time during the night. Sub-zero readings of 15 and 18 were reported to-day, in consequence of which a large majority of the manufacturing plants, abandoned at the beginning of the week on account of the weather extremity, remained closed to-day. Operations at Jones Bros' plant in the north end were resumed this morning after a suspension of a day. The "business as usual" sign remained, face to the weather, at Barclay Bros' plant in the south end, where suspensions on account of cold are unknown.

Duval, which occurred at the home of his daughter in Hardwick. Mr. Duval returned last spring from Mount Airy, N. C., where he had been engaged for a number of years as a stonemason foreman, and after a sojourn of a few weeks in Barre, he went to Hardwick, where he was formerly employed by the Woodbury Granite Co. Are You Saving Money?

Or are you saving it by buying Ladd's Cream Bread? The average family (five persons) will consume a loaf of Bread per day, seven days a week. Here is what it will cost to make seven loaves of the same size and weight as our Cream Bread:

7½ lbs. Flour at 4c	30c
1½ quarts of milk	11c
Shortening	3c
Salt and incidentals	1c
Two yeast cakes	4c

Any woman's time should be worth at least 15c per hour on special work, or your maid's time will cost that and will take three hours a week—Labor cost

94c

This makes no allowance for extra fuel or loaves spoiled in baking.

Seven loaves of our Cream Bread at three for 25c cost you 60c—less 5 per cent. at store, 57c.

Or, in other words, you get 8c above cost of raw material for labor, extra fuel, etc. Compare this with convenience of getting a fresh loaf of Bread whenever you want it.
